COLORADO AUTHORITIES MAKE DUE EXPLANATION

Tell Why They Caused Double Arrest of Mascerello

LETTER TO THE POLICE

Impossible to Secure Sufficient Evidence, But Costs Will Be Paid

Chief of Police C. W. Albright received a letter of explanation from Deputy Sheriff Joe Reilly of Pueblo county, Colorado, this morning regarding the alleged Jack Mascerllo Black Hand episode which recently caused such a sensation here and in Colorado. Chief of Police Albright arrested Mascerello twice for the Colorado authorities, and was instructed to let him go both times.

From the trend of the letter from Deputy Reilly it was impossible to get evidence enough to convict Mascerello with having anything to do with blackmailing Tony Centani, or causing the death of Sam Falconi, a supposed fellow Black Hander. For that reason requisition papers could not be secured.

Chief of Police Albright has sent in his bill for costs arising from the double arrest and keep of Mascerello, amounting in the aggregate to $25, and the county commissioners of Pueblo county now have it in their hands.

"THE ROSARY" AT COYLE THEATRE

Whatever else may be said of the new production "The Rosary," which is to be presented at the Coyle Theatre next Wednesday evening, the charge of imitation of other plays cannot be made. "The Rosary" virtuallly breaks new ground in the dramatic field, and should prove a veritable surprise when the curtain rises upon it. The play is built upon a thoroughly modern theme, viz: the influence of thought upon the lives and well being of the men and women of our present day.

That thought intangible and evanescent as it is, still a force, a power, a theory that has for some time past engaged the serious attention of our foremost psychologists, but its portrayal upon the stage has been neglected heretofore.

Richard Vetter

Word was received last evening by Robert O. Vetter of Fallowfield avenue, of the death of Richard Oscar Vetter, 2 years and 6 months old, the son of Mr. and Mrs. Richard E. Vetter of Meadville. NEW TEAM IS REFUSED ADMITTANCE TO LEAGUE

Committee of Church League Turns Down Proposition Advanced by Dunlevy-Speers Representatives

As a committee appointed by President McKay to decide upon the application of Manager Heffran of the Speers-Dunlevy church for admission to the Charleroi Church League we have made the following decisions:

Firstly—It is not advisable under present conditions to admit this new club to the Charleroi Church League, for the reason that we now have a compact circuit of eight clubs and the addition of the ninth club would render very difficult the arrangement of a regular schedule.

Secondly—In case the new constitution includes additional territory taking in Speer and Dunlevy, this application should be reconsidered.

Thirdly—We recommend that in case anyone of our present eight clubs withdraws from the Church League that Manager Heffran's Speers-Dunlevy Church team, having made first application, shall have first consideration. With such a contingency in view we advise that Manager Heffran furnish President McKay with a provisional list of his players. Signed

Dr. J. W. Manon, Chairman,
George Barnett,
H. D. Mason, Jr.
Committee.

West Virginia Extension to Be Completed in Year

IMPORTANCE TO DISTRICT

Through Lines to Reach Pittsburg via Monongahela Valley

Work all along the line will be begun Monday on the construction of the connection railroad line between the present terminus of the Monongahela Railroad at Martin, Fayette county, to Fairmont W. Va., according to word received today from Morgantown, W. Va., the center of operations. The most of the work is being done by the Buckhannon and Northern Railway company.

All contracts for the work has been awarded. Yesterday fifty condemnation proceedings were disposed of by the court at Morgantown, leaving the railroad company in position to go ahead with the work. It is proposed to have the connection through from Pittsburg to Fairmont via the Monongahela Valley established within a year, and with this will practically mean a through line to Buckhannon, and Charleston, W. Va.

This vicinity of the Monongahela valley promises to be an important railroad center within a few years. The construction of the P. and L. E. line to Dickerson Run, together with railroads that are gradually reaching their way into the heart of Greene county, will lend greatly to the advancement of the valley.

Each Team Would Lose Some Players

At the recent Church League meeting the various managers discussed among themselves the question of restricting the League territory to reasonable limits and the final decision will rest with the "committee of three" appointed by President McKay. Several of the managers seem to think that the total territory included should be Charleroi, Lock 4 and Speers. Such being the case, each team woud probably lose the following players:

Episcopals—Guder and Bragg.
Catholics—Courtley and O'Neil.
Christains—Tobin and Waters.
Lutherans—Butz and Fisher.
Methodists—Chalfant.
Baptists—Walsh.
First Presbyterians—Krepps.
Washington Presbyterians—Hall.

As every team in the Church League would be almost equally affected by such a ruling it is difficult to see wherein any manager should have any objection.

Not Alarming

The mobolizing of an army of United States forces along the Mexican frontier, while productive of some slight thrills in the direction of jingoism, is no cause for serious alarm. War with Mexico is not imminent, and the move is more in the direction of friendliness to our sister republic that as an act of hostility. With insurrection and internal troubles in Mexico a pretext for European intervention was likely to occur at any time, and if it is necessary for an outside power to interfere, none has a better right than the United States. Even to the extremity of annexation the Mexican people will not be made to suffer.

Worse things could befall Mexico than annexation to the United States. Such a move would not only greatly enhance the power and prestige of our country, but it would also add to the intellectual progress and material prosperity of the Mexican people. Backed by the power and protection of the United States development of the bountiful natural resources of our sister republic would be stimulated, as well as the education and culture of the masses. With a rush of immigration from the United States the two races would commingle and assimilate and an already great nation would be immeasurably strengthened. With Mexico as an overflow for our congested industrial centers a new lease of national life and vigor would be inaugurated.

PICKED UP IN PASSING

Stories are as numerous about traveling men as they are about cub reporters. A business manager of a well known Charleroi firm related the following ancedote about one:

"Soon after a new man had been put on an up river route to sell goods for a Pittsburg house, he turned in his first expense account and it bore with other items the one 'Suit of clothes, $25.' The man was immediately summoned to the office where the manager interviewed and reprimanded him.

"'Look here, young man" he said "don't you know that this firm is not going to pay for your personal wearing apparel? When we sent you out we agreed to stand for all expenses, even to cigars and drinks, that would help to increase our trade but never for an instant did we consider buying your clothes for you. Now, then, sir, don't let me see any more items like this on your expense account. If you disregard this order, I'll fire you on the spot.'

"The young man disappeared and was not seen again until the end of the month, when he appeared smiling with his expense account. It was carefully gone over. When the manager had finished it's inspection and looked up satisfied the new salesman said:

"'You don't notice any new suits of clothes in that, do you"

"'No, I'm glad to say, I don't.'

"'I knew you wouldn't, but it is there all right,'' replied the cheerful salesman, and went out leaving the manager gasping. He received a notice next day of a promotion."

"I'm in favor of a new county," announced E W Hastings, assistant secretary and treasurer of the Charleroi Savings and Trust company after a business trip to the county seat yesterday "After I had transacted my business in Washington, which was mainly with court house officials and one or two law firms, I had considerable time to put in, if I waited for the B and O. train to return via the Finleyville route, which is the most convenient. Not knowing many people in Washington except those with whom I do business, and these were all busy the time hung so heavily on my hands that I took a street car and went around by the junction with the Pittsburg route, just to get rid of loafing aimlessly at the hotel or walking the streets to put in the time.

"With a county seat anywhere in the valley, there are not many people in this community who would find time hanging heavily on their hands where they are so well acquainted."

ELECTRIC SPARKS

The slogan of the National Congress is "When you get through quit." The difference between them and President Taft is merely a question of when they get through.

Possibly by the time the American troops have shown Mexico how to act Uncle Sam will be ready to admit that may be there was a little trouble.

According to figures just compiled it costs the people 54 cents a word for talk of their representatives at Washington, D. C., owing to publication of the Congregational Record. And they want to tax magazines more money for existing.

The fellow who ropposes that men wear clothes this next winter to match their hair must not have considered how hard it would be on the baldheaded fellows.

The boasted silver lining
Makes very small display,

And push the clouds away.

The Crowds To LOUIS BEIGEL'S Shoe Stand

All records were broken during the first few Rush Days of the Great Closing Out to Quit Business Shoe Sale at Louis Beigel's Shoe Store. 419 McKean Avenue, Charleroi, Penn'a.

Hundreds of customers were turned away unable to be waited upon, but thousands of satisfied customers who benefitted by the tremendous bargains they bought, can testify to the **TRUTH** and **BONAFIDE REALITY** of the statments put forth in our **SENSATIONAL** circulars of a few weeks ago. **NEVER** in the **TRADE HISTORY** of Charleroi or vicinity was such a gigantic shoe business done in a short time as at this great Quitting Business Shoe Sale. It is true that great havoc has been played with the stock and many lines are almost completely broken, but there are still thousands of pairs of High Grade

LADIES,' MEN'S, BOYS,' and GIRLS' SHOES and HOLIDAY SLIPPERS

and they must be sold. Bear in mind that every pair of these shoes which we are sacrificing are standard, up-to-date goods manufactured by reputable makers, and each and every pair bears the maker's label.

Come! Come! Come! Before it is too late. There are still hundreds of the famous Nettleton, Stetson, Walk-Over and Queen Quality celebrated shoes in all leathers and lasts, and which we are sacrificing for less than the cost to manufacture.

Russell Sage's Advice "Buy when the market is down;" and it is down, only come now before the best have been selected. Every pair marked down in plain selling figures. Your money back if not as represented. So if you want your share you'll have to hurry. Bring the children and all. Shoe the whole family at this unprecedented sale.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.

COLORADO AUTHORITIES MAKE DUE EXPLANATION

Tell Why They Caused Double Arrest of Mascerello

LETTER TO THE POLICE

Impossible to Secure Sufficient Evidence, But Costs Will Be Paid

Chief of Police C. W. Albright received a letter of explanation from Deputy Sheriff Joe Reilly of Pueblo county, Colorado, this morning regarding the alleged Jack Mascerllo Black Hand episode which recently caused such a sensation here and in Colorado. Chief of Police Albright arrested Mascerello twice for the Colorado authorities, and was instructed to let him go both times.

From the trend of the letter from Deputy Reilly it was impossible to get evidence enough to convict Mascerello with having anything to do with blackmailing Tony Centani, or causing the death of Sam Falconi, a supposed fellow Black Hander. For that reason requisition papers could not be secured.

Chief of Police Albright has sent in his bill for costs arising from the double arrest and keep of Mascerello, amounting in the aggregate to $25, and the county commissioners of Pueblo county now have it in their hands.

"THE ROSARY" AT COYLE THEATRE

Whatever else may be said of the new production "The Rosary," which is to be presented at the Coyle Theatre next Wednesday evening, the charge of imitation of other plays cannot be made. "The Rosary" virtuallly breaks new ground in the dramatic field, and should prove a veritable surprise when the curtain rises upon it. The play is built upon a thoroughly modern theme, viz: the influence of thought upon the lives and well being of the men and women of our present day.

That thought intangible and evanescent as it is, still a force, a power, a theory that has for some time past engaged the serious attention of our foremost psychologists, but its portrayal upon the stage has been neglected heretofore.

NEW TEAM IS REFUSED ADMITTANCE TO LEAGUE

Committee of Church League Turns Down Proposition Advanced by Dunlevy-Speers Representatives

As a committee appointed by President McKay to decide upon the application of Manager Heffran of the Speers-Dunlevy church for admission to the Charleroi Church League we have made the following decisions:

Firstly—It is not advisable under present conditions to admit this new club to the Charleroi Church League, for the reason that we now have a compact circuit of eight clubs and the addition of the ninth club would render very difficult the arrangement of a regular schedule.

Secondly—In case the new constitution includes additional territory taking in Speer and Dunlevy, this application should be reconsidered.

Thirdly—We recommend that in case anyone of our present eight clubs withdraws from the Church League that Manager Heffran's Speers-Dunlevy Church team, having made first application, shall have first consideration. With such a contingency in view we advise that Manager Heffran furnish President McKay with a provisional list of his players. Signed

George Barnett,

West Virginia Extension to Be Completed in Year

IMPORTANCE TO DISTRICT

Through Lines to Reach Pittsburg via Monongahela Valley

Work all along the line will be begun Monday on the construction of the connection railroad line between the present terminus of the Monongahela Railroad at Martin, Fayette county, to Fairmont W. Va., according to word received today from Morgantown, W. Va., the center of operations. The most of the work is being done by the Buckhannon and Northern Railway company.

All contracts for the work has been awarded. Yesterday fifty condemnation proceedings were disposed of by the court at Morgantown, leaving the railroad company in position to go ahead with the work. It is proposed to have the connection through from Pittsburg to Fairmont via the Monongahela Valley established within a year, and with this will practically mean a through line to Buckhannon, and Charleston, W. Va.

This vicinity of the Monongahela valley promises to be an important railroad center within a few years. The construction of the P. and L. E. line to Dickerson Run, together with railroads that are gradually reaching their way into the heart of Greene county, will lend greatly to the advancement of the valley.

Each Team Would Lose Some Players

At the recent Church League meeting the various managers discussed among themselves the question of restricting the League territory to reasonable limits and the final decision will rest with the "committee of three" appointed by President McKay. Several of the managers seem to think that the total territory included should be Charleroi, Lock 4 and Speers. Such being the case, each team would probably lose the following players:

Episcopals—Guder and Bragg.
Catholics—Courtley and O'Neil.
Christains—Tobin and Waters.
Lutherans—Butz and Fisher.
Methodists—Chalfant.
Baptists—Walsh.
First Presbyterians—Krepps.
Washington Presbyterians—Hall.

As every team in the Church League would be almost equally affected by such a ruling it is difficult to see wherein any manager should have any objection.

Not Alarming

The mobolizing of an army of United States forces along the Mexican frontier, while productive of some slight thrills in the direction of jingoism, is no cause for serious alarm. War with Mexico is not imminent, and the move is more in the direction of friendliness to our sister republic that as an act of hostility. With insurrection and internal troubles in Mexico a pretext for European intervention was likely to occur at any time, and if it is necessary for an outside power to interfere, none has a better right than the United States. Even to the extremity of annexation the Mexican people will not be made to suffer.

Worse things could befall Mexico than annexation to the United States. Such a move would not only greatly enhance the power and prestige of our country, but it would also add to the intellectual progress and material prosperity of the Mexican people. Backed by the power and protection of the United States development of the bountiful natural resources of our sister republic would be stimulated, as well as the education and culture of the masses. With a rush of immigration from the United States the two races would commingle and assimilate and an already great nation would be immeasurably strengthened. With Mexico as an overflow for our congested industrial centers a new lease of national life and vigor would be inaugurated.

PICKED UP IN PASSING

Stories are as numerous about traveling men as they are about cub reporters. A business manager of a well known Charleroi firm related the following anecdote about one:

"'Soon after a new man had been put on an up river route to sell goods for a Pittsburg house, he turned in his first expense account and it bore with other items the one 'Suit of clothes, $25.' The man was immediately summoned to the office where the manager interviewed and reprimanded him.

"'Look here, young man" he said "don't you know that this firm is not going to pay for your personal wearing apparel? When we sent you out we agreed to stand for all expenses, even to cigars and drinks, that would help to increase our trade but never for an instant did we consider buying your clothes for you. Now, then, sir, don't let me see any more items like this on your expense account. If you disregard this order, I'll fire you on the spot.'

"The young man disappeared and was not seen again until the end of the month, when he appeared smiling with his expense account. It was carefully gone over. When the manager had finished it's inspection and looked up satisfied the new salesman said:

"'You don't notice any new suits of clothes in that, do you"

"'No, I'm glad to say, I don't.'

"'I knew you wouldn't, but it is there all right," replied the cheerful salesman, and went out leaving the manager gasping. He received a notice next day of a promotion."

"I'm in favor of a new county," announced E. W. Hastings, assistant secretary and treasurer of the Charleroi Savings and Trust company after a business trip to the county seat yesterday. "After I had transacted my business in Washington, which was mainly with court house officials and one or two law firms, I had considerable time to put in, if I waited for the B. and O. train to return via the Finleyville route, which is the most convenient. Not knowing many people in Washington except those with whom I do business, and these were all busy the time hung so heavily on my hands that I took a street car and went around by the junction with the Pittsburg route, just to get rid of loafing aimlessly at the hotel or walking the streets to put in the time.

"With a county seat anywhere in the valley, there are not many people in this community who would find time hanging heavily on their hands where they are so well acquainted."

ELECTRIC SPARKS

The slogan of the National Congress is "When you get through quit." The difference between them and President Taft is merely a question of when they get through.

Possibly by the time the American troops have shown Mexico how to act Uncle Sam will be ready to admit that may be there was a little trouble.

According to figures just compiled it costs the people 54 cents a word for talk of their representatives at Washington, D. C., owing to publication of the Congregational Record. And they want to tax magazines more money for existing.

The fellow who ropposes that men wear clothes this next winter to match their hair must not have considered how hard it would be on the bald-headed fellows.

The boasted silver lining
Makes very small display,
Unless you start to hustle
And push the clouds away.

The devil in hades laughs; they say, if a man tears loose when his wife's away. Satan oils the ways of the downward track and keeps them greased till the wife gets back.—Philadelphia Star.

The Crowds To LOUIS BEIGEL'S Shoe Stand

All records were broken during the first few Rush Days of the Great Closing Out to Quit Business Shoe Sale at Louis Beigel's Shoe Store. 419 McKean Avenue, Charleroi, Penn'a.

Hundreds of customers were turned away unable to be waited upon, but thousands of satisfied customers who benefitted by the tremendous bargains they bought, can testify to the TRUTH and BONAFIDE REALITY of the statments put forth in our SENSATIONAL circulars of a few weeks ago. NEVER in the TRADE HISTORY of Charleroi or vicinity was such a gigantic shoe business done in a short time as at this great Quitting Business Shoe Sale. It is true that great havoc has been played with the stock and many lines are almost completely broken, but there are still thousands of pairs of High Grade

LADIES,' MEN'S, BOYS,' and GIRLS' SHOES and HOLIDAY SLIPPERS

and they must be sold. Bear in mind that every pair of these shoes which we are sacrificing are standard, up-to-date goods manufactured by reputable makers, and each and every pair bears the maker's label.

Come! Come! Come! Before it is too late. There are still hundreds of the famous Nettleton; Stetson, Walk-Over and Queen Quality celebrated shoes in all leathers and lasts, and which we are sacrificing for less than the cost to manufacture.

Russell Sage's Advice "Buy when the market is down;" and it is down, only come now before the best have been selected. Every pair marked down in plain selling figures. Your money back if not as represented. So if you want your share you'll have to hurry. Bring the children and all. Shoe the whole family at this unprecedented sale.

Facts About Motherhood

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at the time of child-birth, but many approach the experience with an organism unfitted for the trial of strength, and when the strain is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, women will persist in going blindly to the trial.

It isn't as though the experience came upon them unawares. They have ample time in which to prepare, but they, for the most part, trust to chance and pay the penalty.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy, and strong.

Any woman who would like special advice in regard to this matter is cordially invited to write to Mrs. Pinkham at Lynn, Mass. Her letter will be held in strict confidence.
